

# CMT Group

Capability Statement

Rethinking sourcing.

# Executive Summary

CMT Group is a global firm, sourcing a vast range of products and services for private and public sector clients. CMT as an organisation has over 450 staff across the UK and we're leveraging our diverse supply chain, and long-term partnerships with trusted clients in key industries to support those in need.

We have over a decade of supply chain expertise and "client needs focus" delivery. We offer support and consultation services, logistics and infrastructure solutions, and also risk management structures to guarantee your product security.

We are a leader in product sourcing and project management. Through our extensive knowledge of every aspect of supply chains around the world – sourcing and logistics, transport and technologies, financing and distribution – we can help maximise efficiency, lower costs, and broaden your supply chain to every corner of the globe.

We look forward to supporting and enabling the great work you do, without worrying about supplies or projects in progress.

- Single point of accountability
- Personal service
- Rigorous quality process
- Supply certainty
- Minimised risk
- Compliant and reliable

# Temporary Accommodation

We have partnered with manufacturers of temporary shelter solutions, from 1-Man Shelter Tents to First Aid and more industrial structures. Every product is certified and tested to meet ISO5912 & BS EN 13782:2005, EN13782:2015.

Our global resources enable site surveys and detailed specifications to be turned around in less than 48 hours. With personnel in almost every country around the globe we can ensure a rapid deployment of temporary accommodation.

- Emergency First Aid tents
- 1-10-Man shelters
- Industrial structures
- Steel support structures

# Medical Equipment – Medical Devices

CMT Group import medical devices direct from major global manufacturers. Our industry-leading CMT CERTIFIED Global Procurement strategy means that for each product, we have audited manufacturers in three continents – which gives us the capacity to deploy military-like coordination across our network, meeting the demands of clients regardless of location. CMT also control several medical device and PPE factories across the globe, enabling our clients a seamless supply.

- Covid-19 Lateral Flow Tests
- Antigen Tests
- Rapid Tests for Infectious Diseases
- Check-Up Area Rapid Tests
- Vax Check Areas
- Gastrointestinal Tests

# Medical – First Aid & Emergency

Our range of products includes an extensive list of First Aid, Emergency and Fire Safety products – each product is fully certified to its relevant standard.

With extensive experience supplying Trauma Kits & Life Saving equipment to war zones in Afghanistan, Ukraine and Yemen, we can be relied upon to support aid workers and healthcare organisations to carry out the essential work they do wherever they are based.

- First Aid Kits
- Emergency Blankets
- Trauma Kits
- Spill Kits
- Absorbent Materials
- Fire Extinguishers
- Fire Safety

# Industrial Solutions

Due to the changing demands globally and the ever-increasing effects of global warming, CMT Group have invested heavily into factories producing state of the art heating/cooling products to facilitate communities and companies to cope with whatever the circumstances. These can be mobilized extremely quick.

- Industrial PPE & Workwear
- Access & Working at Height Equipment
- Fire & Emergency Supplies
- Facilities, Hygiene & Emergency
- Safety and Informational Signage
- Equipment & Consumables
- Lighting Solutions

# Food & Wellbeing Packs

CMT Group has the ability to scale up manufacturing of Emergency Food Kits, nutritional lifesaving products and other essential food and personal wellbeing packs.

Our rapid supply and global networks ensure we can supply this on a global level using local labour and teams. Working with NGOs and other charities, we are uniquely positioned provide urgent aid and food relief to persons that have been affected by wars, famines, or fleeing persecution.

- Food Boxes
- Water Supplies
- Nutrient & Health Bars
- Emergency Food & Meal Packs
- Bespoke Solutions

# Organisational Structure

# Quality Assurance & Supply Chain

Consistent supply chain with over 10 years experience partnering directly with manufacturers.

Local staff on the ground in factory countries to validate new suppliers, ensure product quality, and monitor dispatch schedules.

Risk mitigation through long standing relationships with local law firms and government trade officials.

Extensive experience with freight firms, including aircraft chartering for rapid delivery of large quantities of products.

An aerial night photograph of a large port facility. In the foreground, numerous colorful shipping containers are stacked in neat rows. Several large yellow gantry cranes are positioned along the waterfront, with one crane actively loading or unloading a ship. The port is illuminated by bright yellow lights. In the background, a wide river or bay flows towards a distant city skyline, which is lit up with various lights under a twilight sky with soft orange and pink hues.

Thank You
